For the safety of event participants extensive road closures and special event clearways will be in place in your area for the **Sydney Running Festival** on Sunday 15th September 2019. Access to and from your property and/or parking may be affected. Please familiarise yourself with the road closure details and plan your movements ahead of time. If you need to access your vehicle on event day, ensure it is parked outside of the closures. It is a fineable offence to drive on, or exit a driveway onto a closed road.

**ROAD CLOSURES**

Key roads in Milsons Point, Lavender Bay and Kirribilli will be closed between 4am and 11am including sections of Alfred St South, Olympic Dr, Fitzroy St, Lavender St and Broughton St.

The Sydney Harbour Bridge and Cahill Expressway will be closed in both directions from 4am to 11am. The alternate routes via the Sydney Harbour Tunnel, Eastern Distributor and Victoria Rd remain open. Sections of the Western Distributor will also be closed between 4am and 12pm.

**CHANGED LOCAL ACCESS**

Motorists can access the Sydney Harbour Tunnel via the Neutral Bay Falcon St or Military Rd on-ramps. Heavy traffic is expected so motorists are strongly encouraged to delay non-essential travel until after 11am.

**Milsons Point:** due to large crowds at the start area there is no vehicle access to properties on roads west of Alfred St South from 4am - 11am. Vehicles can continue to exit the area during this time via Lavender St under traffic control.

**SPECIAL EVENT CLEARWAYS**

Special event clearway parking restrictions will be in place on roads near you between 1am and 11:30am.

Clearways are strict no-parking zones and apply even to local residents or RMS Mobility Scheme Permit holders. These clearways are in place to clear the course of vehicles for the safety of participants. Check the yellow signage carefully when parking on the day, and the night before, as vehicles left in clearways will be towed and a fee applies. If your vehicle is towed, call the Traffic Information Line on 132 701 to find its new location.
